

OVERVIEW

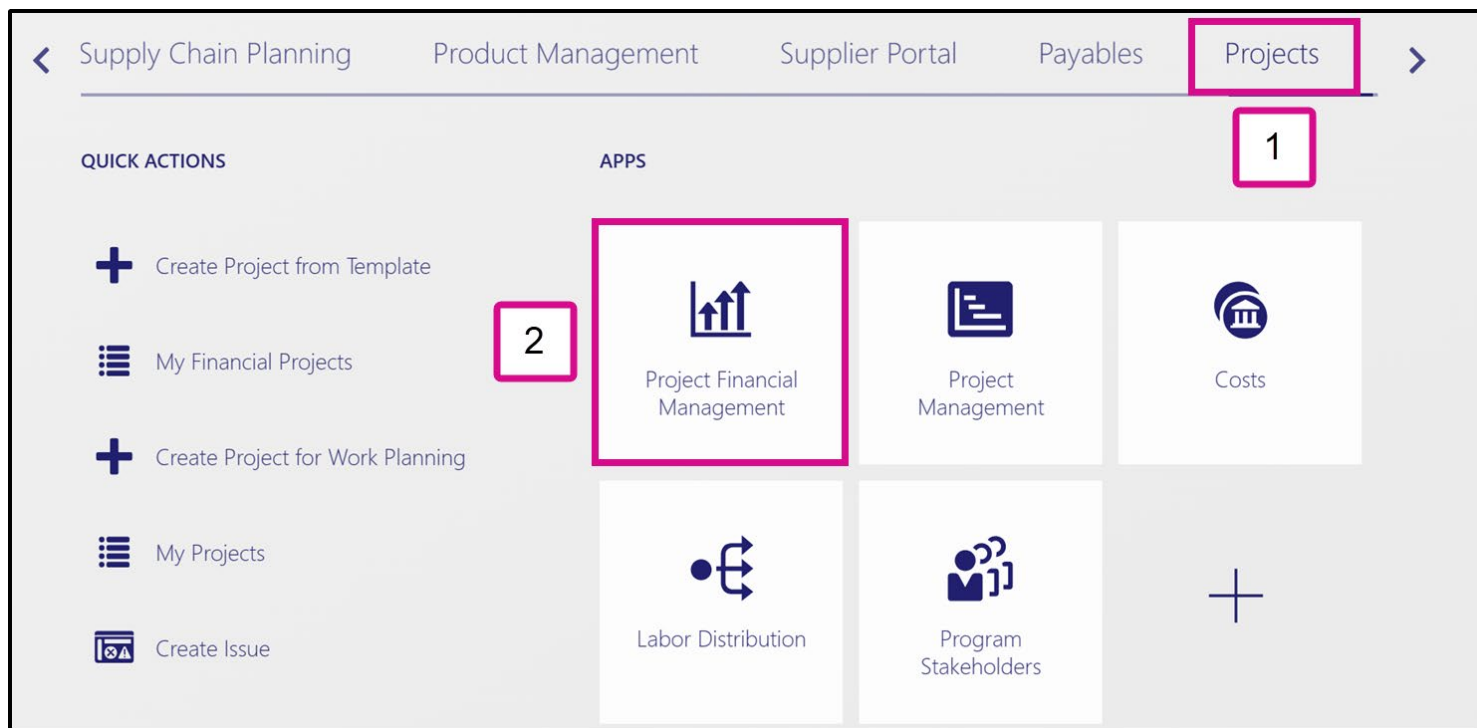

This document provides instructions for creating a project in Sinai Cloud. This process includes steps on adding team members to the project, reviewing/adding tasks to the project, and finally adding a budget to the project.

AUDIENCE

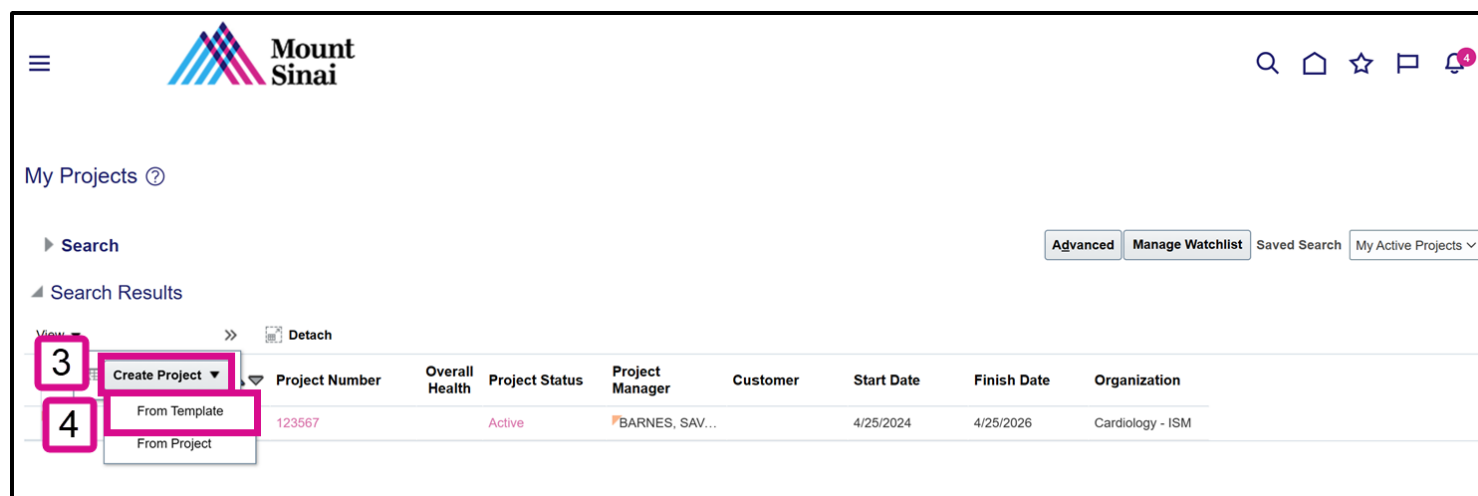

- Central Finance Manager/Staff

Create a Project Using a Template

1. In the Menu Ribbon, select the **Projects** tab.
2. Select the **Project Financial Management** tile.

- On the *My Projects* page, select and highlight the template then select the **Create Project** button.
- Select **From Template** to continue.
