Managing Contracts (Preparation)

Training - Next Steps

Wrap Up

Introduction

iCIMS offers UCLA an efficient tool for managing offer letters and contracts through documented and automated processes.

While optional for creating offer letters, iCIMS is mandatory for contracts. Benefits include:

- Enhanced recordkeeping
- Expedited delivery of offer letters to candidates
- Compliance with UC contract policy

Streamlining offer letter distribution saves time and effort, accelerates the hiring of top talent, and ensures a positive start for new hires at UCLA.

Learning Objectives

Understand the offer letter/contract processes.

Define offer letter/contract terminology.

3

Explain the steps needed to create an offer letter/contract.

4

Describe the process options for routing offer details and offer letters/contracts for approval.

CONTINUE

Terms and Key Concepts

Below are some terms that are used within iCIMS and the offer/contract process.
Select each card below to see the definition of each term:

Advance Button

Enable users to place candidates in different bins and statuses during the recruitment process.

Offer Details Tab

A section within the candidate workflow where users can input and manage offer information for a specific candidate. This tab allows users to enter details such as salary, proposed start date, and any other relevant offer information that can be sent for review and approval.

Send Offer Details Only for
Approval tab

Is a tab feature within the candidate workflow where users can initiate the approval routing process for offer details once they have been completed. This tab allows users to specify the individuals responsible for approving the offer details before it can be finalized and extended to the

Bin

Bins are virtual containers where candidates are placed based on their status.

Advance Button

Enable users to place candidates in different bins and statuses during the recruitment process.

Auto Launch

Refers to a feature in iCIMS that automatically initiates a predefined action or process when a specific status is selected for a candidate. For example, in iCIMS, selecting a status such as "Launch Offer Letter Wizard" will trigger the automatic launch of the Offer Letter Wizard.

Offer Letter Templates

List of variety of approved offer letter templates tailored to various levels and appointment types, aligning with the position descriptions.

Contract Templates

List of variety of approved contract templates tailored to various levels and appointment types, aligning with the position descriptions.

Candidates Tab

A section within iCIMS where a user can access candidate information quickly and click on the candidate's name to enter the Candidate Workflow page to take additional actions on a candidate.

CONTINUE

Offers and Contracts - Process Flow

Introduction

Managing offers/contracts requires a 4-step process. This process includes identifying the proper candidate, accessing candidate details to create the offer letter/contract, routing the offer letter/contract for approval, and completing the approval which triggers the offer letter/contract to be emailed to the candidate.

Click the **Start** button to review the process:

Step 1

Identify a Candidate/Move to Offer Bin

Once a candidate has been identified, they are moved to the Offer Bin to begin the process.

Step 2

Access Offer Bin - Create Offer Letter/Contract

Once the candidate advances to the Offer Bin and the offer details tab is completed, users can utilize the Offer Wizard to generate the offer letter/contract.

Step 3

Route Offer Letter/Contract for Approval

Once the offer letter/contract is created, it can be forwarded to the proper department authority for review and approval.

Step 4

Offer/Contract Emailed to the Candidate

Once all approvals are completed, the offer letter/contract can be emailed to the candidate for review and acceptance.

Summary

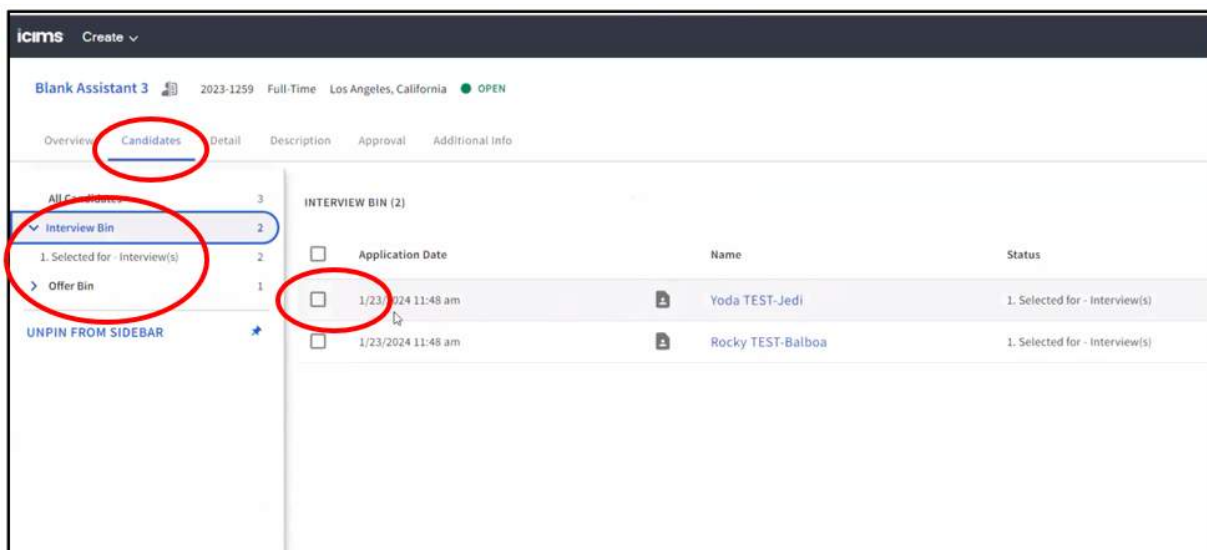

iCIMS provides a useful tool to create offer letters/contracts. Use of iCIMS for creating and sending offer letters is optional for departments. However, for contract appointments, creating contracts using iCIMS is required.

CONTINUE

Identify a Candidate/Initiate an Offer Letter/Contract

To start, identify the candidate for whom the offer letter/contract is being created for. Move the candidate from the **Interview Bin** to the **Offer Bin** to initiate the process. The offer letter/contract creation requires the candidate to be in the **Offer Bin** and the **Offer Details** completed.

The screenshot displays the iCIMS recruitment workflow page. The top navigation bar includes tabs for Application, Notes, Messages, Feedback, Offer, and Additional Info. The 'Additional Info' tab is highlighted. The left sidebar contains a list of options: Contact, UCLA Application, Cover Letter, UCLA Application Questions, Screen, IForms, Offer Details (highlighted), Request Offer Details Approval, and Offer Approval. The main content area is titled 'Offer Details' and contains a section for 'Offer Details for Offer Letters & Offer Approvals'. This section includes several input fields: 'Salary Offer Amount (Rate of Pay) *' with a currency dropdown set to 'USD', 'Proposed Start Date *' with a date picker, 'Proposed End Date (if applicable)' with a date picker, 'Step (if applicable)', 'Hiring Bonus (if applicable)' with a currency dropdown set to 'USD', and 'Moving Expenses Amount (if applicable)' with a currency dropdown set to 'USD'. A frequency dropdown is also present, set to 'Annually'.

Offer Details

Prior to initiating the offer letter/contract process in iCIMS, you are required to complete the offer details within the candidate's recruitment workflow page. This can be completed on the **Offer Details** tab.

Please note: This process must be completed by a user that has been granted Submitter level functionality. An offer letter/contract cannot be created by someone without this level of functionality.

Creating an Offer Letter/Contract Part One - Simulation

Now that you have identified a candidate for an offer letter/contract, you initiate the process by moving the candidate to the Offer Bin under the Offer Wizard status. The first part of the process is detailed below.

Access the simulation to practice moving a candidate to the offer bin and initiating the offer letter/contract process. This simulation has audio. Press the Continue button below once complete.

The screenshot displays the iCIMS system interface for 'Accounting Manager 4'. The top navigation bar includes the UCLA logo, a 'Create' dropdown, a 'Job/Requisition' dropdown, and a search bar. The main header shows '2024-1394 Los Angeles, California' and a 'CLOSED' status. The sidebar on the left lists candidate categories: 'All Candidates' (5), 'OFFER BIN' (1), 'CONTRACT AMENDMENTS POST-HIRE ...' (2), 'DISPOSITIONED CANDIDATES' (1), and 'INTERVIEW BIN' (1). The 'INTERVIEW BIN' is selected and highlighted. Below the sidebar, there is a table titled 'INTERVIEW BIN (1)' with columns for 'Application', 'Working at UCLA', and 'Eligible for Hire/Rehire'. A blue instructional overlay is positioned over the table, stating: 'Use this simulation to practice creating an offer letter/contract in iCIMS. Click Continue.' At the bottom right of the interface, there is a 'Continue' button.

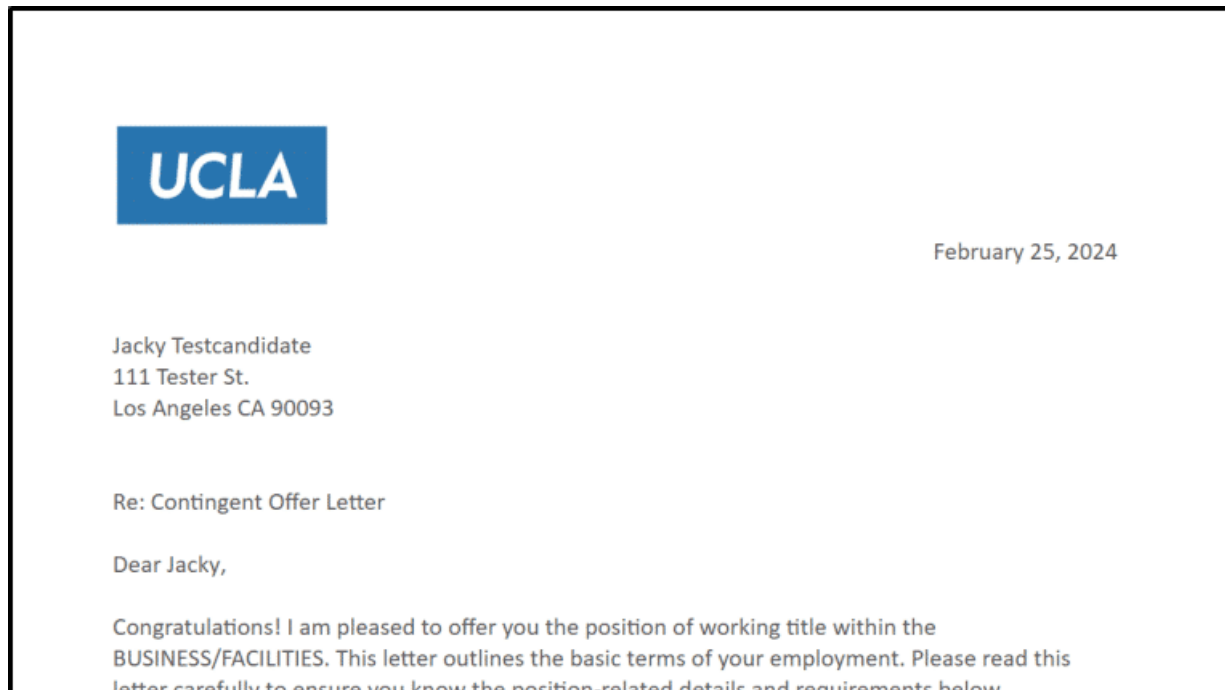

Application	Working at UCLA	Eligible for Hire/Rehire

CONTINUE

Edit an Offer Letter/Contract & Send for Approval

The next step in the offer letter/contract process is editing the offer letter or contract information to include required details. This section shows how to select the appropriate offer letter/contract, edit details, and add approvers before forwarding it for approval. While the focus is on offer letters, the same process applies to contracts.

The screenshot displays a vertical flowchart of the hiring process. It is divided into four main sections: INTERVIEW BIN, OFFER BIN, HIRED BIN, and CONTRACT AMENDMENTS POST-HIRE CONTRACT BIN. The OFFER BIN section is highlighted with a pink rectangular box. Within this box, the text reads: '2. Selected for - Offer of Employment' followed by '- Launch Offer Letter Wizard: Prepare Approvals | Send to Candidate'. To the right of this text is a circular arrow icon. Below the pink box, the HIRED BIN section shows '3. Selected for - Hire' with a red prohibition sign to its left. The text below this indicates that entrance criteria were not met and provides instructions on how to proceed. The flowchart uses horizontal lines to separate the different stages of the process.

CONTRACT AMENDMENTS POST-HIRE CONTRACT BIN

Offer Letter Wizard

From the **Advance** button, and within the Offer Bin, iCIMS provides users a tool to allow for easier creation and navigation of the offer letter/contract process. The Offer Letter Wizard takes the user through three steps to select a template, prepare the offer letter/contract, and review/send the offer letter/contract for approval and to the candidate.

Selecting a Template

Offer letter and contract template options are provided. Consult with your department human resources department to ensure you use the appropriate template.

Once a template is selected, users do have the ability to view a sample of the template, prior to moving forward with creation.

Please note: Templates are managed by the UCLA Administrator. For template questions or requests, contact UCLA CHR for assistance.

UCLA offers a generous benefits and retirement package. For more information visit www.chr.ucla.edu/benefits. Eligible employees will receive additional information at their New Employee Orientation (NEO) session after they begin employment.

Please digitally sign to confirm your acceptance of this job offer. If you have any questions regarding the details of the position, please contact me at [ENTER PHONE] or via email at [ENTER HIRING_MANAGER_EMAIL] or [ENTER TA_NAME] at [ENTER PTA-EMAIL]

Sincerely,

[ENTER HIRING MANAGERS_NAME]
[ENTER WORKING_TITLE]

As a condition of employment, you will be required to comply with the University of California [Policy on Vaccination Programs](#), as may be amended or revised from time to time. Federal, state, or local public health directives may impose additional requirements. As updates are made to the Policy, they will be reflected in the [UCLA Conditions of Employment](#).

Please indicate your official acceptance of this offer by digitally signing below before [ENTER OFFER_LETTER_EXPIRATION_DATE], by 5:00 PM Pacific Time. The anticipated start date for this position will be approximately two weeks after the successful completion of the background check. All work for the university must be performed within the United States unless prior approval is granted.

Editing an Offer Letter

Once a template is selected, the offer letter is displayed and provides users an opportunity to edit it where required. Some information that can be edited includes salary information, a department contact name and number, email address, and whether the letter expires or not. The information is entered in the areas with the normal font style and users must manually delete the red font when complete.

IMPORTANT: When using a contract template, the UCOP approved language must not be edited.

Managing Approvers

iCIMS allows users to customize the approval processes before sending an offer letter/contract to the candidate. Consult your department's HR for specific business rules. By default, the approval screen lists the submitter as the first approver. Users can add additional approvers as needed by entering their names. They can also rearrange the order of approvers by dragging and dropping approvers with the three lines after the number. Click **Finish** to complete the process.

VERY IMPORTANT: If no approver is within the routing list, the offer letter/contract is sent directly to the candidate.

Please Note: You can save your progress by selecting the "Save for later" button. Access the offer letter/contract via the Offer tab on the

Updating Privacy Access

Upon completion, **ONLY THE USER CREATING** the offer letter/contract can grant access to others to view the offer letter/contract within the Offer tab on the job/requisition in iCIMS. If a user is listed as an approver, they can access the offer letter/contract through the approval email they receive.

Use the **PRIVATE** button to grant access to others upon completing the offer letter/contract or you can also grant access from the job/requisition within the Offer tab.

Offer letter successfully created

The offer letter will be sent to the candidate.

Would you like to change who can access your offer?

PRIVATE

DONE

Important: The system displays the message, "Offer letter successfully created. The offer letter will be sent to the candidate.". This message is standard iCIMS wording and appears regardless of whether the user is creating an offer letter, contract, or an amendment. The offer letter is not sent to the candidate if approvals are still pending. If no approvers are listed for routing, the offer letter/contract is sent immediately.

Offer access

Offer Access

There are three options for determining who can access the offer letter/contract for review:

- Private
- Specific groups
- Everyone

Private restricts access to the **USER THAT CREATED** the offer letter/contract only.

Selecting **Specific groups** allows the creator to add specific names to the list to grant access.

DO NOT select **Everyone** because it provides access to everyone that has access to the job/requisition.

Enter the names of user's that require access. Once all names have been entered, click the Apply button. This allows users greater access to the offer letter/contract as needed.

Offer access

▼

Give offer access to

Enter a group's or person's name to enable access

Who has access

 Anders

Owner

CANCEL

APPLY

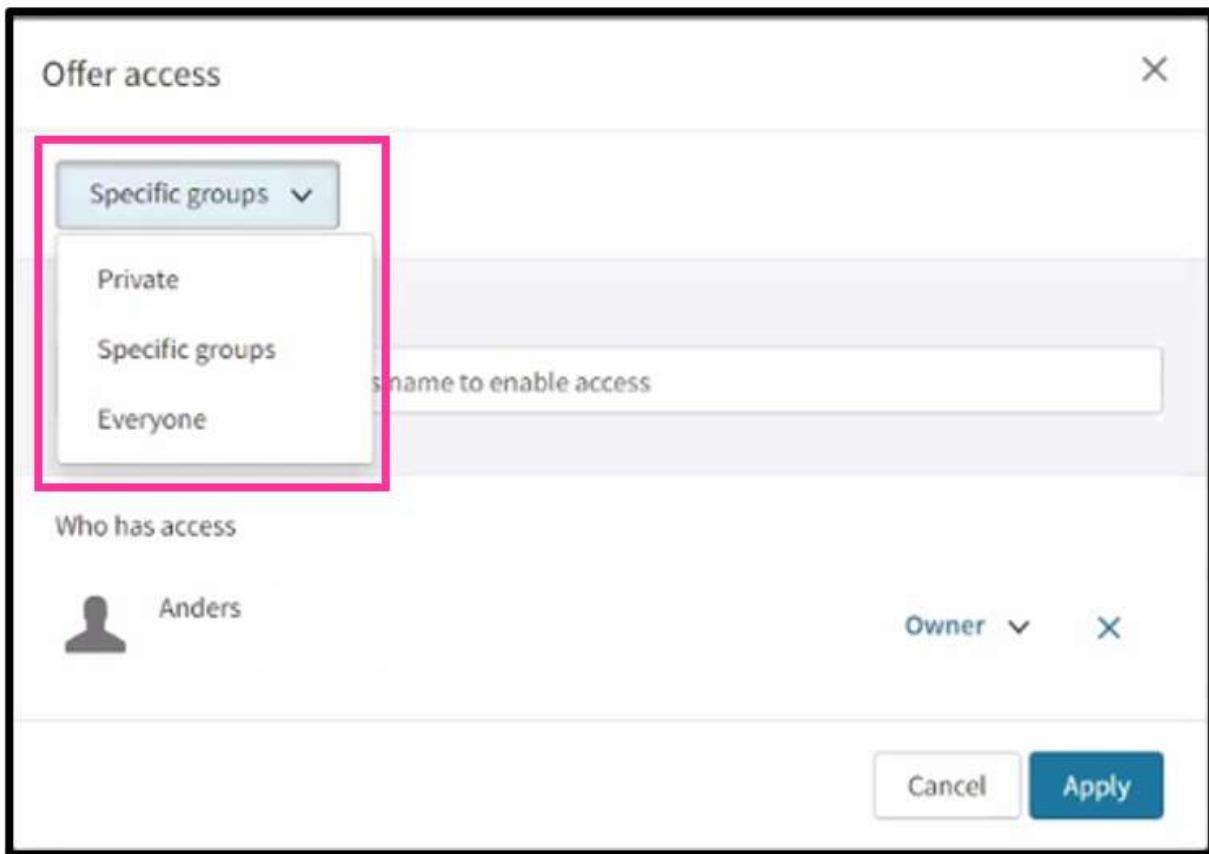

Please note: **ONLY THE CREATOR** of the offer letter/contract has the ability to grant another user access. They can determine the level of access that user has when accessing the requisition. They can set the other user(s) to be either viewers only or have editing access if needed.

Updating Privacy via Offer Tab

iCIMS provides the creator of the offer letter/contract with a second option for managing privacy access if they do not change the setting at the end of the approval submission process. The creator of the offer letter/contract can select the candidate and navigate to the **Offer tab**. On the Offer screen, they can select the **Private** link.

The screenshot displays the iCIMS interface for managing an offer. At the top, a navigation bar includes 'UCLA', 'Create', 'Search', 'Report', 'Communicate', 'Library', 'Other', and 'Admin'. Below this, a header section shows 'Baker Test 50', '2023-12-13', 'Full Time', 'Los Angeles, California', and an 'OPEN' status. A candidate profile for 'Jeremy TEST-Renner' is visible, including contact information and a 'Launch Offer Wizard' button. The main content area is titled 'Offer' and features a 'Private' link in the top right corner, which is highlighted with a red box. Below the 'Offer' tab, there is a section for 'Offer details' with fields for 'Proposed Position Start Date' (11/21/2023), 'Hiring Bonus (if applicable)', 'Position Expected End Date (if applicable)', 'Additional Notes (Comments for Offer Approvers)', 'Offer Amount (Rate of Pay)' (USD \$11111.11/Yr), and 'Relocation Amount (if applicable)'. A 'Continue' button is located at the bottom right of the 'Offer details' section.

Providing Access

After selecting the **Private** link, the *Offer access* window displays. From this point, the creator of the offer letter/contract can click the drop-down arrow and select **Specific groups** to enter the name of the approvers that should have access to the requisition.

Creating an Offer Letter/Contract Part Two - Simulation

Now that you have moved a candidate to the Offer Bin and completed the Offer Details, you can now use the offer letter wizard to create the offer letter/contract. The second part of the process is detailed below.

Access the simulation to practice editing the offer letter and adding an approver. This simulation has audio. Press the Continue button below once complete.

The screenshot displays the iCIMS system interface for a candidate named Jacky Testcandidate. The interface includes a top navigation bar with the UCLA logo, a 'Create' dropdown, and a search bar. The main content area shows the candidate's profile, contact information, and a list of tabs: Application, Notes, Messages, and Offer. The 'Offer' tab is selected, showing the 'Offer Details' section. A blue callout box with white text reads: "Use this simulation to practice editing the offer letter/contract and forwarding it for approval in iCIMS. Click Continue." The 'Offer Details' section includes a list of 'OFFER DETAILS APPROVALS - To be completed before the offer letter can be created. Required fields are marked with an asterisk (*). Details only, after approval.' and a 'Request Offer Details Approval' button. Below this, there is a section for 'Offer Amount (Rate of Pay)' showing 'USD \$100,000.00 Annually' and a 'Proposed Position Start Date' of '3/11/2024'. A blue 'Continue' button is located in the bottom right corner of the interface.

CONTINUE

Approve Offer Letter/Contract & Send to Candidate

The final step in the process requires a review and approval of the offer letter/contract details, then forwarding to the candidate for acceptance. This part of the process provides users with two different ways to process the approval and editing if needed, prior to sending to the candidate.

Approval from the Job/Requisition

If the user that created the offer letter/contract is also the first approver (e.g., Creator is the Submitter), they can directly access the offer letter/contract from the job/requisition within the Additional Info/Offer Approval tab to approve it immediately.

The screenshot displays the UCLA Business Manager interface. The top navigation bar includes the UCLA logo, a 'Create' dropdown, and a 'Job Requisition' link. The main header shows 'Business Manager' with a user icon, followed by details: '2023-12-12', 'Full-Time', 'Los Angeles, California', and a green 'OPEN' status. The candidate information section for 'Jimmy TEST-Candidate' includes an email address, phone number, location, and a 'Cand.Active' status. A 'Launch Offer Letter Wizard' button is also present. The left sidebar contains a list of tabs: 'Application', 'Messages', 'Offer', 'Additional Info', 'UCLA Application', 'Cover Letter', 'UCLA Application Questions', 'Screen', 'Forms', 'Offer Details', 'Submitter's Offer Letter Approval', 'Offer Approval', 'UCLA Application Details', 'Candidate Details', 'Experience', 'Source (Workflow)', 'Job Detail', and 'Job Description'. The 'Offer Approval' tab is selected and highlighted with a red circle. The main content area shows the 'Offer Approval' form. It includes a message: 'This approval process is currently in progress.' Below this is a table with columns for 'Approver', 'Phone', 'Date', 'Status', and 'Resend'. The table contains one row for 'Ande' with a date of '3/27/2024 6:35 AM' and a status of 'Viewed'. Below the table is a text input field for comments, followed by 'Approve' and 'Decline' buttons. The 'Approve' button is highlighted with a red circle.

Dear Anders,

The following offer letter/details are approved.

Candidate: Jimmy TEST-Candidate
Requisition Number: 2023-1212
Business Title: Business Manager
Department: CAMPUS HUMAN RESOURCES
Submitter: Anders
Hiring Manager: Julie

Department Action: I

- Work with your department submitter or appropriate department human resources contact to determine the next steps.

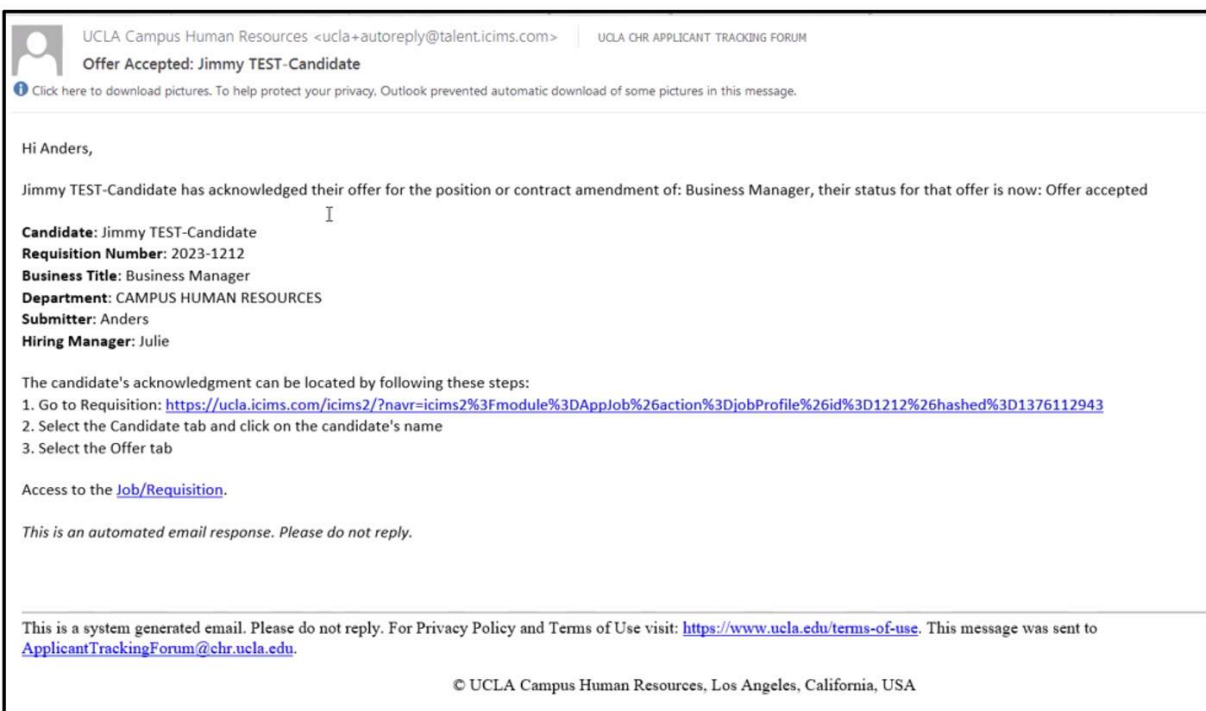

To Send Offer Letters to the Candidate:

- Access to the [Job/Requisition Link](#)
- Click on **Candidates** tab
- Click on the **candidate's name**
- Click **Offer** tab
- Select **Extend**

FOR CHR UAT TESTING -- Offer Approval Notifications: Offer Approval: Approved Email Template (edit)

Confirmation Email – Approvals Complete

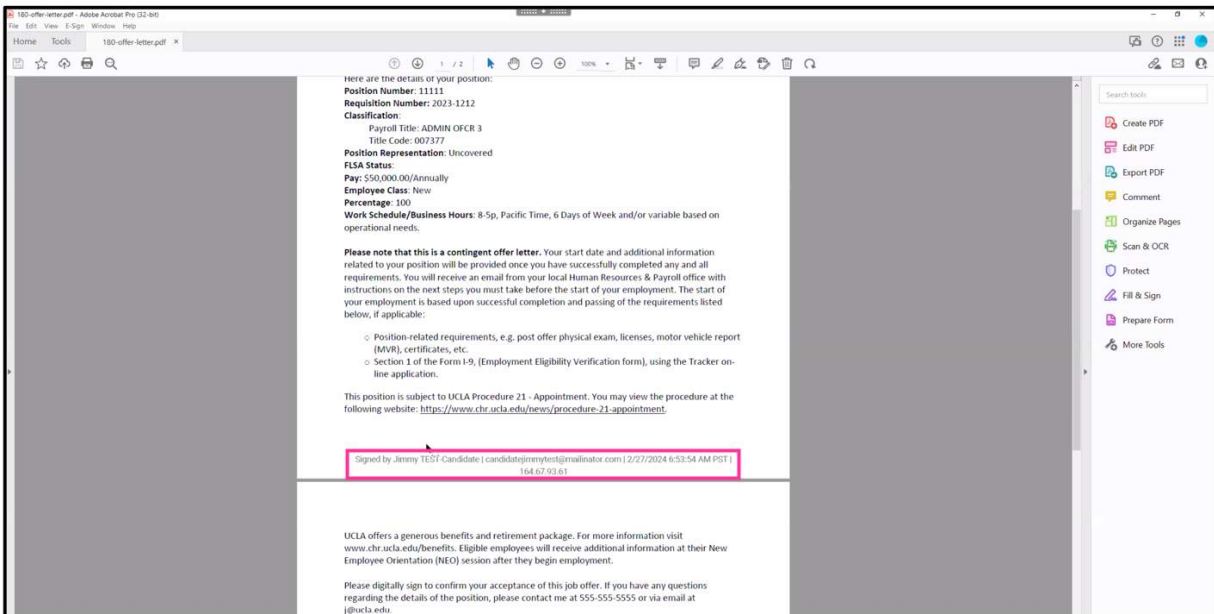

Once all approvals have been completed, the Submitter receives a confirmation that the process has been completed. Once complete, the Submitter can begin the process of forwarding the offer letter/contract to the candidate.

Confirmation Email – Candidate Acceptance

After the candidate has received the offer letter/contract, they have the opportunity to review and accept the offer letter/contract. Once accepted, the Submitter receives a confirmation email that it has been completed.

The candidate reviews and signs the offer letter/contract electronically. Please note, the signature is displayed as a type-written agreement at the bottom of each page of the offer letter/contract. It includes the candidate's name, date, and time of signature.

Creating an Offer Part Three - Simulation

Now that you have forwarded the offer letter/contract to the approvers, it is now available to be reviewed and approved prior to sending to the candidate. The third and final part of the process is detailed below.

Access the simulation to practice reviewing and approving the offer letter/contract. This simulation has audio. Press the Continue button below once complete.

Managing Contracts (Preparation)

Contracts are handled similarly to offer letters within iCIMS. However, unlike offer letters, contract language is approved by UCOP and **MUST NOT** be altered. **ONLY** general candidate and department information should be edited.

Select a template

Choose the appropriate template below as a basis for your offer letter.

Search templates by title or description

Template Name	Category	Owner	Last used
 GENERAL Offer Letter Template		Michael Yates	a day ago
 Contract Exempt-PSS - UCOP Contract Only		Michael Yates	a day ago
 Contract Amendment/Extension		Michael Yates	2 days ago
 Contract Exempt-MSP - UCOP Contract Only		Michael Yates	4 days ago
 Exempt PSS (Limited) Offer Letter		iAdmin (ucla)	7 days ago
 Contract Non-Exempt-PSS - UCOP Contract Only		Michael Yates	8 days ago
 Contract Non-Exempt-MSP - UCOP Contract Only		Michael Yates	

Offer Letter Wizard – Contract Template

The same steps needed to initiate an offer letter, are followed in order to initiate a contract. Once you are on the template screen, you can select the contract required to extend to the candidate.

Depending on the contract template selected, determines what type of information can be edited to fit the candidate. Some information that can be edited includes number of hours the candidate is scheduled to potentially work and the hourly wage the candidate is set to receive.

C. HOURS OF WORK

This appointment is at a 100 percent of full time. The workweek for this position is normally considered to be [ENTER HOURS XX] hours. The University will schedule your hours to accommodate operational needs. As a non-exempt employee, you will receive overtime overtime for time worked that exceeds 40 hours in a workweek. You authorize the University to compensate you for your overtime hours worked in compensatory time off or pay. If you are compensated for your overtime in compensatory time off, such overtime will be compensated at the rate of one and one-half (1 1/2) hours of compensatory time off for each hour of overtime earned. Additionally, you will not be allowed to accrue more than 240 hours of compensatory time off. If you reach 240 hours in your compensatory time off bank and if you work overtime, you will receive pay. Overtime must be approved in advance, but if overtime is worked it will be compensated whether approved or not.

D. COMPENSATION AND BENEFITS

1. Salary

This position is assigned to a payroll title of RSCH GNT PRG OFCR 4, and salary grade 24. The hourly wage for this position is [ENTER WAGE PER HOUR \$XX] per hour, less applicable withholdings. Any changes in your salary shall be CHOOSE ONE [in accordance with Personnel Policies for Staff Members (PPSM) 30: Compensation] or [only by written amendment to this contract signed by both parties].

Training - Next Steps

Congratulations! You have come to the end of the *Creating Offers and Contracts in iCIMS* course. You should now have a general understanding of the offer process and how it can be managed. Please note, for users with certain login groups, the following eLearning courses are next and available for completion:

- **Hiring Candidates and Closing Out Requisitions in iCIMS**
- **Contract Amendments in iCIMS**

Your department HR can help provide guidance on which courses you should complete.

CONTINUE

Wrap Up

To recap, the learning objectives for this session were as follows:

- 1 Understand the offer letter/contract processes.
- 2 Define offer letter/contract terminology.
- 3 Explain the steps needed to create an offer letter/contract.
- 4 Describe the process options for routing offer details and offer letters/contracts for approval.
